

# sellercloud

## **.NET Developer - Plugins department**

We are a USA based software company that provides inventory and order management solutions for internet retailers, combining a set of technologies around Innovation, Intelligence and Integration. Our solution is a key component of the Sellercloud platform. For our office in Sofia we seek an experienced individual for the role of Plugin .NET Developer.

### **What are Sellercloud plugins?**

In general, plugin is a customized program that works with Sellercloud in order to extend the existing CORE logic.

As a **Plugin .NET developer**, you will ensure that plugins are successfully delivered to clients - fully functional. You will be responsible for building customized plugins for users of the Sellercloud software in order to tailor the software to the user's specific business requirements. This involves working directly with the Support and Implementations teams to understand clients' needs.

### **What our role looks like:**

- Interface with 3rd parties (phone and/or email) to specify out plugin requests and figure out a method of integration that will work for both parties
- Troubleshoot plugin issues, and fix them
- Ensure good and consistently accurate code
- Acquire deep domain knowledge
- Keep abreast of changes in standards, technologies or methodologies
- Document plugin workflows

### **What you will bring:**

- Experience with **C#, .Net Framework, ASP. NET, MSSQL Server, LINQ**
- Knowledge of **OOP principles, SOLID**, etc.
- Experience with **Web Services** (Both **SOAP** and **RESTful**)
- Excellent communication skills and fluent English
- Ability to prioritize work and manage deadlines
- Attention to detail
- Troubleshooting skills/ Problem solving skills
- Ability to collaborate with others

**We got you covered with:**

- 25 days of paid leave
- Mentoring, training, and career development opportunities
- Flexi working time and hybrid model of work
- Parental bonus
- Referral bonus
- Participation in training sessions (internal & external)
- Be part of a close-knit, friendly, and supportive team
- Annual medical checks
- Gift cards
- Additional health care lux package
- Transportation benefit
- Gym Membership
- Food vouchers
- Prime office location
- Refreshing drinks and snacks at the office
